## WONDERS OF THE OCEAN

A deep-sea mission to learn about marine life, the ocean ecosystem and exciting ways kids can help protect both. Sometimes, we even find beach pollution and turn it into art! How cool is that!

## WHAT ARE ENVIRO-ADVENTURES?

Enviro-Adventures combine a ton of fun with lots of awesome stuff to know about the planet and our role in it. Every day is a new adventure that shows kids ages 4-12 how to make a difference in our world and have a great time doing it!

## **SUPER PEOPLE POWERS**

Kids learn about the abilities of the human body and how being healthy makes super cool things possible. We all have the power to help ourselves and the environment!

## **BEACH BRIGADE**

Sand, sand and more sand! Kids learn how sand is formed and explore different beach areas to conduct super sandy experiments. Of course, we also build sandcastles!

## **ECO-FRIENDLY FUN**

Whether it's collecting items found on the beach for arts and crafts or playing a good game of Oil Spill Clean Up, kids learn and laugh the whole way.
